MRS. HELENA BLAV,

Young Milwaukee Society Woman.

TEN thousand cured
women have written
to tell how Wine of
Cardui bestows the
blessing of health on every
woman who takes it, rich
and poor alike. Mrs.
Helena Blav, No. 123 Sev-
enth Street, Milwaukee,
Wis., is one of the young
women whom Wine of Car-
dui has rescued from a life
of suffering. She writes:

Mrs. Helena Blav.

"Wine of Cardui is certainly 'worn
out' women's best friend and I am pleased
to give my experience with it. A few
months ago I caught a severe cold, hav-
ing been out in inclement weather, which
settled all over me, particularly in the
abdomen. I was in almost constant pain.
I consulted a physician and took his
medicine for a month and without any
relief. I then decided I would try your
medicine and it was a lucky day for me
when I did so. I noticed a change in a
few days and felt encouraged to continue
taking Wine of Cardui, and my patience
was rewarded, for in two weeks my pains
had left me and I felt like a new woman."

The woman who has suf-
fered from female weakness
should do anything within
reason to secure health.
Wine of Cardui is the medi-
cine that appeals to reason-
able women—women who
hold operations and cutting
in horror—women who know
that Nature is the best phy-
sician. Wine of Cardui
gives women back their
health by giving Nature a
chance to build up the wasted and dis-
eased tissue. Wine of Cardui regulates
the menstrual flow and Nature, when
relieved of the drains or of the poisons
in the system, makes the functional
organs strong and healthy again.

Any woman who is silently suffering
untold pains because she is too sensitive
to undergo a physician's examination
and treatment can find no excuse for
not securing relief when Wine of Car-
dui is offered to her. There is no pub-
licity to deter her. She can take Wine
of Cardui in the privacy of her home,
with as much assurance of a final cure
as though a dozen doctors recommended
it. Many physicians do recommend
Wine of Cardui to their patients.

Why not get a \$1.00 bottle of Wine
of Cardui from your druggist today?

WINE of CARDUI

A million suffering women
have found relief in
Wine of Cardui.

BOTH ENGINEERS DIE CONFERENCE IS HELD

Terrible Results of a Head-on Col-
lision on Southern.

LARGE DEATH LIST.

Twenty-Four Persons Were Killed by
the Colliding of Trains at Rock-
fish, Va., and Twenty-
Three Injured.

Washington, July 8.—Twenty-four
persons were killed and twenty-three
injured in a head-on collision on the
Virginia Midland division of the South-
ern railway at Rockfish, Va., at twelve
minutes after 3 o'clock Tuesday after-
noon. Passenger train No. 35, leaving
Washington at 11:15 a. m., for Atlanta,
Ga., dashed into local freight No. 68,
standing on the main line of the road
at that point, wrecking both engines
and the baggage and express cars of
No. 35. The baggage car and the
second-class passenger coach immedi-
ately following it telescoped. The
coach was occupied mostly by negroes.
The identified dead: Engineer James
McCormick of Charlottesville, Va.;
Engineer Charles Davis of Alexandria,
Va.; Thos. Shepard of Charlottesville,
brakeman on freight train. Charles T.
Gay of Charlottesville, fireman on
freight; J. E. Love, colored, Baltimore;
Charles T. Leich, colored, dining car
waiter; C. C. Owen, Philadelphia,
boiler inspector; Adam Vucosaveich,
Austrian boy; Barilani Gugheimo,
Austrian woman; unknown mulatto
woman.

H. A. Sharp of Knoxville, Tenn.,
narrowly escaped death. He and Mrs.
Sharp were returning from their bridal
trip, having spent their honeymoon in
Washington. Mr. Sharp was in the
smoker engaged in conversation with
J. I. Owen, when the collision occurred.
Owen was instantly killed, his body
falling on Sharp.

W. B. Brubeck of this city, conductor
of the local freight is reported in a
critical condition. After witnessing the
awful sight he is said to have become
suddenly insane.

OF GRAVE IMPORT.

President and Secretary of State Hold
an Important Conference.

Oyster Bay, July 8.—Secretary of
State John Hay was a guest of Presi-
dent Roosevelt Tuesday night at Sag-
amore Hill. Matters of grave import
to this country, in its international re-
lations were under consideration dur-
ing the forenoon and evening. The
conclusions reached at the conference
are not disclosed, both the president
and Secretary Hay regarding it as in-
expedient at this time to discuss for
publication the details of their work.
To two subjects of serious concern,
most of their attention was turned.
They considered it in all its phases,
the Russian situation particularly, with
respect to the B'Nai B'Rith petition,
which, it has been determined, will be
forwarded to the Russian government,
and the Alaskan boundary question,
which next month is to be taken up for
what is hoped may be final adjustment
in London.

Secretary Hay arrived here from
Newport, R. I., where he has been vis-
iting his daughter, Mrs. Payne Whit-
ney. He was accompanied by Senator
Fairbanks of Indiana. Senator Thomas
of Utah arrived on the same train.
Prior to their arrival at the president's
home, Senator Hanna of Ohio, accom-
panied by Mrs. Hanna and Mr. and
Mrs. Clement A. Griscomb and Mr.
Griscomb's private yacht, Alvin.
After the luncheon President Roosevelt
discussed with Secretary Hay and Sen-
ators Fairbanks, Hanna and Kearns
the Alaskan boundary matter. Senator
Fairbanks was a member of the joint
high commission which had that ques-
tion under consideration several years
ago, and the president and secretary
took this opportunity to go over the
matter with him. It is understood that
the papers in the American case have
been made up, and the case is ready
for presentation.

Africander Winner.

New York, July 8.—Africander, this
year's Suburban winner, added another
classic event to his long list of victories
by capturing the rich Lawrence Re-
alization, worth \$18,435 at Sheepshead
Bay Tuesday. Africander's victory to-
day stamps him as the best three-year-
old in training in the east. The son of
Star Ruby also broke the world's re-
cord by covering the distance, one mile
and five furlongs in 2:45 1-5, which is
two and two-fifths seconds faster than
the previous record on this track, made
last year by Major Daingerfield.

CHASED NEGRO.

He Is Accused of Attempted Criminal
Assault on a Colored Girl.

Wilburton, I. T., July 8.—An un-
known negro decoyed a girl of his own
race into a vacant house and tried to
criminally assault her. Failing in his
purpose he fired two ineffectual shots
at her. He rode the trucks of a train
to this city. Deputy Marshal Fortune
of Wilburton came up and recognized
him. The negro ran, and two shots
quicker his pace. Bloodhounds were
put on his trail, but he escaped.

Important Consultation of Russians
at Port Arthur.

WAR QUESTION IS UP

Is Is the General Impression at King
Chan That a Clash Between the
Forces of the Czar and the
Mikodo May Result.

King Chau, opposite New Chwang,
Manchuria, July 8.—All prominent
Russian officials in Manchuria and Ko-
rea are attending a conference at Port
Arthur. Among them is Minister of
War Kuropatkin, Admiral Alexieff, the
Russian ministers at Peking and Seoul;
political agents in China and Korea,
including M. Pokotiloff, recently the
Russian financial representative at Pe-
kin; General Desino, military agent in
China, civil and military officers at
Mukdon, Harbin and Kiren, and ad-
ministrator of New Chwang. The pro-
ceedings at the conference are envel-
oped in profound secrecy. It is popu-
larly supposed that Russian officials
are considering the war question. For-
eign commercial officials at New
Chwang and Port Arthur believe the
possibility of war is increasing stead-
ily. The Russian policy is believed to
be to hold the present position of

CZAR OF RUSSIA.

Manchuria, including New Chwang,
and take no steps to avert hostilities
with Japan if it is assured Japan is
to fight unaided.

The war feeling among the Japanese
in north China is intensifying. The
Russian civil administrators, with the
governor-general at New Chwang, com-
menced the erection of a government
building designed to hold all Russian
offices, including telegraph and tele-
phone departments, in the center of
the foreign settlement, partly on land
ceded by Chinese, according to Russian
explanation, and partly on the public
square, about which foreign consulates
are congregated. Residents of other
nationalities are preparing to protest
against the encroachment on the pub-
lic square.

A Russian company Tuesday com-
pleted the purchase of the river steam
tug business, heretofore controlled by
a British company. This is regarded
as an important step toward Russian
control of the harbor, as the new com-
pany is apparently acting on behalf
of the Russian government here. The
British company had four boats and
the Russians imported two more. All
six vessels are armed and commanded
by Russian officers. The crews are
composed of soldiers.

FARMERS' CONGRESS.

Large Attendance in its History in
Session at College Station.

College Station, Tex., July 8.—The
largest attendance in the history of
the Farmers' Congress is present at
the agricultural and mechanical col-
lege. They are here from all over the
state. President Houston of the agri-
cultural and mechanical college deliv-
ered the address of welcome. The re-
port of Secretary and Treasurer B. C.
Pittuck was well received. President
J. H. Connell of Dallas, head of the
Farmers' Congress, delivered his an-
nual address.

Professor M. A. Carleton of the Unit-
ed States department of agriculture,
Washington, is present.
The various state organizations held
meetings also.

STEPHENS IN CHARGE.

Files His Bond and Assumes the Du-
ties of Comptroller.

Austin, July 8.—J. W. Stephens, the
new comptroller, qualified and filed his
bond with the governor in the sum of
\$75,000, which was approved, and he
immediately assumed charge of the
comptroller's department. The oath
of office was administered by Mrs. R. J.
Blandford, a notary public and an em-
ployee of the department. The sureties
are composed chiefly of people of Lime-
stone county.

Dallasite Drowns.

Dallas, July 8.—J. G. Stinson of this
city, while bathing in Bachman's
branch, near here, was drowned. He
was an Englishman by birth and con-
nected with a Dallas firm.

TEXAS FARMERS CONGRESS.

MAGNIFICENT BRAZOS COUNTY EXHIBIT—LARGE CROWD
IN ATTENDANCE.

THE INTEREST IN MACARONI WHEAT.

Cerealists of the Agricultural Department on Hand—Boll Weevil Destroyers—Other Notes.

Fully one thousand people were in attendance on the second day's session of the Farmers' Congress yesterday, and the various sections were as busy as bees with the work of their separate programs. North, east, south, west and central Texas people—representative men—met, mingled and exchanged ideas in papers, addresses and conversation with much pleasure and a great deal of benefit to all. The work showed that the congress has long since passed the experimental stage, and is now as business like and fixed in purpose as a bankers convention, and of far more general benefit to the state.

Macaroni wheat is one of the important things attracting great attention at the Congress, and no less a person than N. A. Carlton cerealist of the agricultural department at Washington, is at College to talk on this subject. He is accompanied by S. A. Holzman of Dallas, special agent of the agricultural department in charge of the macaroni wheat experiments now being conducted on the farm of H. O. Samuels of Dallas, who is also in attendance on the Congress. Mr. Holzman has a large number of samples with him and great interest is manifested in this new industry which promises so much for Texas.

There are several boll weevil

destroyers on the grounds and the promoters of each machine declare it to be the real thing to put the fixings on the pest.

This is the first year that Brazos county has cut any ice whatever at the congress in the way of making an exhibit, but this year she has laid all others in the shade, with a magnificent exhibit that would be a credit to any county in the state, gotten together by Messrs. Walter Wiprecht and J. H. White and supplied by a number of up-to-date and enterprising farmers of Brazos county, who deserve the greatest credit for their intelligent and industrious efforts to aid in bettering conditions. The Brazos county exhibit covers everything from numerous varieties of timber to an endless array of the products of farm, garden and orchard, including all kinds of canned and preserved fruits, specimens of oats, hay and grasses etc.. One of the most unique and most admired features of the exhibit are several small bales of alfalfa and grasses put up in a small baling machine made expressly for the purpose of preparing this exhibit by Mr. S. H. Wynn, the engineer and machinist of the Bryan Congress. These small bales are perfect in form and detail and are very much admired by visitors to the exhibit. Col. J. D. Rogers of Allenfarm has in the Brazos county exhibit some remarkably fine June corn, which he calls his 'high water' corn and says it is adapted to the Brazos bottom because the ears grow so high up on the tall stalks they are above high water mark. Howell Bros. exhibit of red polled cattle are attracting a constant stream of admiring visitors. Hundreds saw them yesterday. These farmers to whom the credit for the exhibit of Brazos county is due are as follows: Col. John D. Rogers of Allenfarm; A. D. Locke, J. S. Francis, Cy Koontz, F. W. Lock of Tabor; J. H. White, Edwin Meredith B. A. Huggins, John Wiley of Wixon, George Echols, S. I. Dowling of Providence; I. M. Cook, R. L. Buchanan, T. P. Hall, J. J. Vandiver of Steep Hollow; L. M. Thompson of Millican; Henry Kurten of Kurten; Mark Wilcox; L. D. McGee of Prospect; W. L. Edge; W. W. Harris of Bryan, exhibit of grapes, etc; James Wilson Jr., of Macy; W. H. McVey of Minter Springs; George Edge, S. G. Locke, Tom, John and George

Hensarling; Mrs. Jane Kurten of Kurten; Mrs. C. M. Proctor of Bryan, flowers; Fritz Yeager of Millican; W. R. Parker, J. A. D. Robinson. The exhibit fills the large room assigned to it to overflowing, and is also displayed in the hall, forming a splendid advertisement of the resources of Brazos county. Williamson, Ellis, Brown and other counties have good exhibits.

Capt. A. F. Wilson made a good talk on "Successful Alfalfa Growing in the Brazos Bottom," before the Cotton Growers' section yesterday morning. He had some fine samples of alfalfa which he has successfully and profitably grown for several years.

MEN'S OUTFITTERS

INTERESTING ARREST.

Copperas Cove, Texas, July 6.—About two months ago the News contained a notice of a woman getting knocked in the head near here, and the house where she was boarding being robbed of \$150. George Layne, constable of this precinct, never ceased to work on the case, and his efforts have terminated in the arrest of Mrs. Teiman, the woman who was supposed to have been knocked in the head. She was searched and an amount of money equal to the loss found well secreted on her person. She has been taken to Gatesville, where she will be lodged in jail. She and her husband came to this section about four months ago and were married at the residence of Wm. Myers, where they have resided ever since. Mr. Myers was the man who lost the money.—Galveston News.

The woman referred to, it is alleged, was formerly, Mrs. Alice Spell, tried in Grimes county on a charge of murdering her husband and acquitted.

EXTREMELY WEAK.

Wednesday Morning the Pope Insisted on Resuming His Labors.

Rome, July 8.—The pope is extremely weak and even chloroform lost its power to give the sufferer the relief of tranquil rest. At times he appeared to be upon the point of strangulation. His kidneys also became deranged. The following particulars were obtained of Dr. Mazzoni's visit to the pope. "How feels his holiness?" asked Dr. Mazzoni. "I do not feel as well; I am weaker," replied the pontiff. "Perhaps you did not sleep sufficiently?" "No, no," answered the pope. "I was better last night. I am sorry, because to-day should be a day of great work." "Surely," Dr. Mazzoni replied, "his holiness does not intend to work?" "Certainly," answered the pope. "I have so many things to do, but I am afraid I have not strength." Both doctors then proceeded to convince the pontiff of the necessity for rest, urging him not to place obstacles in the way of his recovery. "I shall do as you wish," said the pope, in conclusion, with a sigh of resignation. Afterwards his holiness expressed a desire to rise, saying he would be more comfortable in his arm chair.

The intense anxiety regarding the pontiff's condition which is felt throughout the United States is shown by the receipt of a very large number of telegrams from eminent American prelates and lay Catholics in America making anxious inquiries and expressing the hope that prayers for his recovery may be answered.

FIRST QUIET NIGHT.

Business Partially Suspended, Factories Shut Down and Saloons Closed.

Evansville, Ind., July 8.—Tuesday night this city passed its first quiet night for months. With 400 soldiers camped around the courthouse and jail and in the park on the river bank, any disposition toward lawlessness would be suppressed. Not a gun was fired during the night and no street gatherings were seen. Bugle calls echoed over the city as the troops were wanted for the day's routine. Men are being fed at hotels. Brigadier General McKee is practically in control of the city. The general feeling among business interests and influential citizens is that the soldiers in firing into the mob only did what was necessary and their duty. Business is partially suspended, all saloons closed and several factories shut down. No more troops are expected. Several gangs of negroes working on the business streets are attending strictly to their work and are not being molested. At sundown, however, all the negroes disappear and are not seen till next morning. Negro ministers are making house to house visits urging this course.

RETURNS FAVOR.

President Loubet Lavishly Entertains King of Great Britain.

London, July 8.—France lavishly returned Great Britain's hospitality Tuesday by a dinner given by President Loubet to King Edward at the French embassy. The scene around the embassy was most animated. King Edward and President Loubet both arrived there with military escorts and other distinguished guests drove up in handsome private equipages. A great crowd of people outside gave his majesty an ovation. The king was met at the door of the embassy by M. Loubet, who arrived there a little earlier than his majesty. Ambassador Cambon and the staff of the French embassy.

The interior of the embassy was decorated. The table, which was oblong, was open at one end. M. Loubet sat at the closed end, with the king on his right and the Prince of Wales on his left. The center of the table was a mass of heliotropes and rare orchids, flanked by silver candelabra. The guests included Premier Balfour, Colonial Secretary Chamberlain, Foreign Minister Lansdowne, the United States ambassador, Mr. Choate, the Spanish, Italian, Russian, German and Turkish ambassadors, the Portuguese minister, Count Mensdorff, the Austrian charge d'affaires, Lord Roseberry, the Duke of Devonshire, and the French consul general.

CURRENT GROWERS.

They Are Making Matters Interesting in Portions of Greece.

Athens, July 8.—Agitation regarding a currant monopoly is daily growing more serious in Peloponnesus or Morea, south of the Isthmus of Corinth. Peasants in the neighborhood of Pyrgos are practically in revolt. They destroyed the railroad at several points because they were prevented by troops from seizing trains on which they wished to come to Athens and represent their views to the king in favor of granting a monopoly. There are many demonstrations at Pyrgos by armed men. They are keeping up a continuous fusillade and parading the town shouting "The monopoly or death!" thereby voicing their belief that granting a monopoly is necessary to enable currant growers to live.

KING AND PRESIDENT.

Praise of Both Set Forth by the Lord Mayor of Portsmouth, England.

London, July 8.—Rear Admiral Cotton and Captain Hemphill of United States flagship Kearsarge, and other American officers, arrived at London, accompanied by Rear Admiral Milne, representative of King Edward, and took up quarters at the various hotels as guests of the nation. Subsequently in full uniform they paid the round of official visits.

The 1500 American men and officers remaining at Portsmouth were entertained in various ways, including luncheon at Volunteer Rifle hall, at which the mayor presided. In toasting King Edward the mayor said he believed his majesty's efforts to promote friendship and good will between Great Britain and other countries is fully appreciated by the United States. Toasting President Roosevelt, the mayor said: "He is held here in the highest esteem and regard. The president labors most assiduously to promote the welfare of the United States, and further is actuated by a sincere desire to strengthen the bonds of friendship and concord uniting the two countries. We on this side of the Atlantic, sharing with you, the representatives of the great nation across the seas, in common heritage and speaking the same language, honor your president for the grand work in which he is engaged and which we are persuaded is not only conducive to the best interests of the United States and Great Britain, but must advance the cause of civilization, freedom and justice the world over."

The final toast was to the United States navy, in which the mayor cordially welcomed the visit of the United States squadron to Portsmouth, it being further proof of the friendly feeling of President Roosevelt.

MORE TROOPS.

All Evansville Saloons Have Been Ordered Closed Indefinitely.

Evansville, Ind., July 8.—After the carnage Monday night, Evansville is obeying the orders of the mayor, and people are keeping off the streets. There are nine dead, three others fatally hurt and twenty-one more or less injured. Frank Lambie died from his wounds. He was twenty-eight years of age. Fred Kappler died from his wounds and the unidentified dead man has been recognized as Robert W. Bock. Joseph E. Bock, a barber, died from his injuries. The other fatally wounded are still alive, but four cannot recover. The fatalities will increase the dead to twelve. There are eight companies of militia and one battery here. There are 400 soldiers, all armed with rifles, and a light battery armed with a Gatling gun. The Terre Haute company arrived Tuesday evening and relieved the Vincennes and Evansville companies in guarding the jail. An hour later Brigadier General McKee, in command of the Indiana National guard, arrived and assumed command of the militia. At 6:45 Tuesday night a special train arrived bearing Companies A, Captain Garrard; C, Captain Power; D, Captain Comely, and N, Captain Franklin, all of Indianapolis, and members of the Second regiment, Indiana National guard, Battery A, first artillery of Indianapolis, Captain Callen, with a Gatling gun and Company K, First regiment of Martinsville. The troops were marched heavily armed through a quiet, but curious, crowd of several thousand persons. As the Gatling gun was unloaded and wheeled into line it created a visible impression. There was not a negro in sight. The streets were deserted with the exception of a few boys, and at every corner were seen policemen armed with rifles and revolvers. No one is allowed to approach within 300 yards of the jail.

General McKee held a consultation with the mayor and a committee of fifteen prominent citizens designated by him as a committee of safety. At this meeting there were some expressions of severe criticism over the course of Mayor Covert. General McKee asked for the cooperation of Sheriff Kratz, but that officer telephoned from the jail that it would be death for him to leave the protection of the troops, and he is still entrenched behind the guns of the soldiers and the walls of the prison. General McKee said he thought the 400 guns ordered here, and which have now arrived, would be sufficient for all emergencies. All saloons were ordered closed indefinitely.

The governor has, in addition to the troops already here, thirty additional companies of infantry and two more batteries of artillery are to be brought into Evansville at a few hours' notice. The Central Labor union joined with the mayor in a proclamation urging all citizens to remain in their homes and maintain order. Ten men were fined in the police court \$100 and costs, each, for carrying concealed weapons. The negro fire company has left the city under advice of the mayor, and the places in the department have been filled with white men.
